Pothole Breakdown

With the amount of rain we have experienced this month, there will be an increase in potholes. Cars pass through streets and roadways all day, every day. Tiny imperfections are formed and the pavement eventually cracks over time. When it rains, water penetrates the surface and weakens the ground underneath.

During wet weather, the City of Garland Street Department cannot repair potholes using hot-mix asphalt. During these periods, the crews use other products to make emergency repairs at potentially hazardous locations. Please be patient as we respond to each request. The Street Department will work diligently to address these issues.

If you have any concerns or questions, contact the City of Garland Street Department by calling 972-205-3555. If you

Check Out Our New GarlandTX.gov Website!

Those who make use of GarlandTX.gov are experiencing a brighter, more robust website!

This redesigned site features a refreshed color palette, excellent search functionality and an improved mobile experience. The City's first priority in this redesign is to improve the end-user's ability to find information.

A new feature, My Garland, allows you to type in your home or business address to see what City facilities and resources serve your area.
